

# Change Team DEI Development Plan Template

A written plan of action is essential for individuals or teams working to increase diversity, equity and inclusion (DEI). DEI team workplans or development plans bring clarity to expectations, enrich feedback and review processes, and help align each team member’s tasks with the DEI team goals. TREC recommends using the [SMARTIE framework offered by the Management Center](#) to create clear and effective DEI goals. Once your goals are written, create a work plan using this sample DEI Development plan template to track activity and report on progress. Sample content illustrates the purpose of each column. You can add or remove columns and tables as needed.
